

**Department of Mathematics & Statistics**

GRADUATE STUDENT SEMINAR

**Speaker:** Lingfeng Liang

**Title:** *Complete convergence for arrays of rowwise negatively associated random variables*

**Date:** April 25, 2007

**Time:** 9.00 am

**Location:** College West 307.20

**Abstract:** In this talk, we will discuss the topic of complete convergence for arrays of rowwise independent random variables, and extend it to negatively associated random variables.

**Supervisor:** A Volodin

*Coffee & cookies will be served in the Lounge prior to the lecture*
